FELIX FAMILY VILLAGES INTERNATIONAL

APRIL 2013

Dear friends and sponsors

Please receive our warm greetings from the children and families of Caminul Felix! Whenever our thoughts fly towards you, our hearts are filled with joy and gratitude for the many blessings and good times that we have, because people like you support and believe in this work.

After a cold winter, we now enjoy the warmth of the spring, wishing you and your loved ones a fulfilled, beautiful spring! When I say "fulfilled", I think about one of the great accomplishments that we may have as a family, which is the time we spend together, which is so precious; a time that we want to spend in harmony, a time when we show the love we carry for one another, creating beautiful memories and dear, unforgettable moments. That is our desire, when we look at those entrusted to us to be their mother and father, friend and confidant - the children we want to see as gifts from above.

We feel blessed to have you with us in this work, dear friends who contribute to the happiness of these children through everything that you do. We thank you for bringing warmth, love and hope in so many lives and may each of you will have a lot of blessings!

"...the one who is wise saves lives." (Proverbs 11:30)

As we look back at the five years spent in Caminul Felix as parents, it seems that time has passed as quickly as a dream! One thing is clear: the years go by and everything fades away and we are only left with what we invest for eternity. What a joy is for us to know that God has granted us the great honor of helping devastated souls find themselves, by finding a Christian home and, at the same time, a God that can transform lives. During these years we have always wanted to be as good and efficient as possible; we wanted to be those wise people that win souls. However, sometimes when you want to do something good, you get both joy and disappointment. But, we have learned to learn that, in this life, happiness and pain often meet and that they create in us a complete dependence on God. It's not easy for children either. They also have moments of joy and excitement, but expressions of sadness as well. But now they have a new home, they found the safety, peace and love they missed so much. But let's not forget that when they came in the new family, they also brought with them the wounds of their past: rejection, abuse of all kinds, resentment and anger • • •

a past that, with God's help, we try to constantly bring to the cross, which is the ideal place to leave burdens and receive healing. Children always need encouragement, each according to his needs. Encouragement that the past can be left behind and that God is able to give them a fresh start. Although this may seem easy for us, it is not easy for them. Some children have already understood this, which makes us happy; with others we still carry burdens. But we are here for them.

It's a perfect opportunity for us, dear sponsors, to thank you and to assure you, through this letter, of all our appreciation and our respect to you for opening your heart to us and faithfully supporting us in different ways. Together we are a team and, without your help, many things would not be possible.

Multi-Purpose Building

We have previously reported on our NEXT STEP in the Felix Family, Surat Thani. The project is called the Multi- Purpose Building, and we want to get started building as soon as possible. As the village has grown, so has the need for a this building increased. What is a Multi-Purpose Building?

As the name says, it is a building that will be used for a variety of activities to generate income for the village.

Training facilities and workshops for both children and parents

2013 CHOIR TOURS

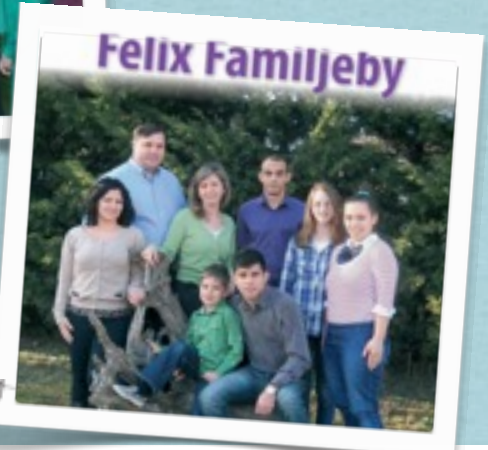

A wonderful group of a family from Romania Felix Family Villages represents the Felix Village in Thailand, traveling to Sweden. They come with strong, open stories about life from despair on the streets to a loving family. Come and take a listen, see and be touched.

Celebration family group will be traveling the next three weeks representing Caminul Felix Romania.

Great Britain, here they come to tell the story about their lives. It is powerful and it is good.

Training and seminars for other national organizations and people involved in Ministries working with children.

Room for doctor.

Gift shop where we can sell items made in the Felix Village

Guest rooms to rent for visitors

Gathering hall for the entire village

A place to receive visitors and tourists to present the Felix Family / villages

An office area where the village administration can be managed

The construction of this building will be of great importance for the village. It will give families an opportunity to distinguish the open and public life in the village with its own and private life of the individual family. We hope and pray that this building may soon become a reality.

We have now started to raise the funds needed to start building. We

will contact individuals, churches and other organizations for support of this work, which we regard as very important. If you want to be involved and give an extra gift to the community center, we are grateful. You can then write the message that it should go to that purpose. If you wish to receive more information, you are welcome to contact any of us.

Our goal is to get in about 80 000 Euro.
