## *Caminul Felix Romania*

Parents and children spent good time away on vacation. Some families went up to the Felix Cabin in the mountains, and others to the Black Sea. The parents at Felix Romania have worked on the summer house in the mountains and now there is enough space for a family. Yet another piece of land is available to build a second house, maybe even two. These facilities become more precious for every year. It is of the greatest importance for a good development of the children's lives.

## *Felix Family Africa- Zimbabwe*

A vital part of the development of the Ministry is the one foundation that pursues to build and support Felix villages in new countries. Zimbabwe is there, and other nations in Africa and Asia have also asked for help. We believe this is the time to tell everybody that now we want to step into positions of responsibility in order to set up the homes for many and the idea for the best care for orphans in new countries. The suffering among the children in our world is heart breaking and the results of a family's love and faith is unequalled.

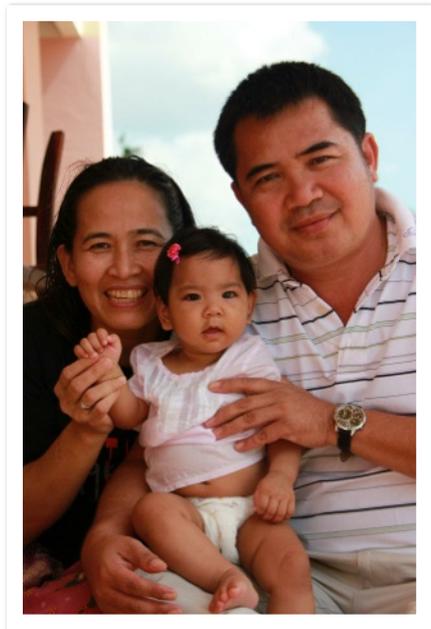

This is the time for Zimbabwe to see the homes of the 68 children come up. We pray and think about it and we pray for the understanding of "God's way", if we could call it that. To find the best way to reach more children with the finest we have. Mircea and Lidia are ready - our Felix Romania house parents, and Jesper Hornberg is ready, and also Rose and Shepherd Dakar in England. Now is the time to give, work and pray.

## *Felix Family Thailand - Surat Thani*

In Felix FamilyVillage our children and families are doing fine. How exciting it is to see the village growing as more families and children are moving in. When you enter into the grounds of the Felix Village, you are met by many happy children playing and having fun. The small children are often in the arms of their parents or close to them. It is an atmosphere of peace and joy.

During the time we are writing this letter we are on a tour in US to present the Ministry and invite more people to support the Felix Families. The Felix Group who is traveling is made up of 7 young people together with a couple of parents from Caminul Felix Romania. They are doing a very good job and we thank God for new sponsors and donors. We have been met with much love from people and churches.

In November another tour will take place in the north of Sweden. It is a lot of work to travel, but we see it as an important way to share the message about rescuing children and to let more people be a part of this important mission.

There are some other needs that we would like to share with you. If you feel that you can give an extra gift to one of those requests, it would be a great blessing and help.

- Repair work in the homes
- The the fence around the village
- Build a home
- Multi Purpose Building
- Costs for school

Please, let us know if you have any questions.

*Lisa Egerbo - Project Manager*

All the best to you all. There is great joy and strength in your friendship.
