

FELIX FAMILY VILLAGES INTERNATIONAL

ROMANIA

At this beautiful beginning of autumn, we turn our thoughts gratefully to you, special people that make this work go forward. The faithfulness that you show often gives us strength to go on. For many children, teenagers and young people, Caminul Felix can be defined as an oasis of hope, the shelter and harmony of a family, and, above all, the place where they can feel unconditioned love. But we are aware of the fact that all this wouldn't be possible without your generosity, and we want to assure you that, undoubtedly, your support makes a huge difference and is saving lots of lives! This is both our chance and your chance to contribute to the changing of many destinies.

We have seen your love in action so many times, you have always showed us that love goes beyond nationalities or borders, and for that we thank you!

We hope you will be blessed and be a blessing!

Simona Puscas

THAILAND

The construction work on house number 8 is moving fast, and soon we will hear laughter from the children in this house. We wish that we could build the last two houses, numbers 9 and 10 at the same time. That would decrease the cost. To accomplish this we will need more resources. Want to participate?

The children and young people are well and doing fine. They like school and the parents often receive great reports from teachers about the children. When the children come home from school, it is time to eat and do homework before it's time to sleep.

On weekends they usually do something together as a family. They go swimming, visit relatives or just hang out at home with the other children and families. It is a nice and genuine atmosphere of togetherness and love in the village. This is the environment we wish for all children!

We now face the Fall and with that comes new challenges and opportunities for growth. You have heard the needs before, and we share them again:

- * Become a sponsor or inspire someone else to become a sponsor or donor
- * Build a house / or be a part of building one of the houses
- * Give an extra gift to Felix Family Village

Maybe you are having a birthday or want to celebrate a special event. Perhaps you already have all that you need! Then, do as Jean and Vaughan Roberts did when they celebrated their Golden Wedding Anniversary. They invited family and friends and raised support for the Felix Family Village. We can help you with information if you would like to do something similar. You are always welcome to contact us.

We want to close our greeting by wishing you a wonderful autumn and God's blessings.

Lisa Egerbo Hornberg

EXPANSION & DEVELOPMENT

We are blessed to receive many requests from other countries to build Felix Family Villages. They are contacting us for advice and support. We know from almost 25 years of experience, when we built the first Felix Family Village in Romania, the importance of giving abandoned children a mom and a dad, a loving family.

There is nothing more we can invest our lives and resources than giving to children. They are the future for all nations.

Today there are over 165 million abandoned children in the world. We have a responsibility to act now. We have the vision and the tools, but we need your financial support to develop this important ministry. We have now been invited to into Bangladesh and if possible to set up a Felix Family Village there.

As we see the importance of building more villages, we need your help and support to go those countries and meet new parents and leaders to educate and teach them from the experience we have.

Be a part of our vision of building families by giving a donation or a monthly support. You will make a difference. We need you!
