

# FELIX FAMILY VILLAGES INTERNATIONAL

FEBRUARY 2013

WWW.FELIXFAMILYVILLAGES.ORG

## *Felix Family Romania*

We hope that you are fine, and that you've had beautiful holidays with your loved ones. We are at the beginning of a new year again, which stands before us with many unknown things, but also with many things that we are looking forward to. This year will again be a new beginning for many other children who

will come to Caminul Felix in the following months.

A new family recently moved into one of the houses in Caminul Felix, called "Trinity House", to be mother and father for the children that will come. With joy and eagerness they are now waiting for the ones that will become their children.

One of the most fulfilling experiences anyone can have is being a parent. And one of the most important things a parent can offer his children is the feeling of being loved. Therefore, we encourage you to continue to

support this ministry this year. This way you can help a child have a new beginning, the warmth of a home, the love of a family and the feeling of being loved and having value.

We thank all of you who continually support Caminul Felix. We wish all of you many joys this year.

May you be a blessing and be blessed!

*Simona Puscas - editor*

## *Felix Family Thailand - Surat Thani*

Christmas holidays were celebrated in different ways in the Felix Village. It was celebrated as individual families, but also with the whole Felix Village; children, young people, parents, grandparents. Everyone was there! One of the nice and funny memories was when the children and the families went on a Christmas-decorated truck through Surat Thani town. They sang and played and wished everyone a

Happy Christmas. This was also a great opportunity to make our Felix be known. One evening, all families met in one of the local churches for the Christmas party.

Because of the generous gifts we have received from many of you, we were able to give all our children a Christmas gift and our children were so happy and grateful. For many of the children it was the first gift they have ever received.

The first Friday in January we had another party for the children and families in the Felix Village. It was their own party. They played, sang and ate together.

New goals and visions were set for the new year!

In Felix Village, we are grateful for the year that lies behind. A new family has moved in, and several children have joined a family, a home with a mom and dad. This makes us grateful and gives us inspiration to work on.

For 2013, we aim to obtain funds needed to build our multi-purpose building. If possible, we would also see that the three family houses that remain will be built in the near future. We need and are working to get more sponsors so new children can be received. We've already selected the three parental pairs that are ready to go into their tasks. They are remaining in their regular jobs in waiting to move in with Felix Village and become parents. We would be thankful if you would be a part of building a home or be a part of building our multipurpose building. The multi-purpose building will be used in many different ways, including two rooms that will be available for rent by visitors. This will also give extra income to the FelixVillage!

*Lisa Egerbo - project manager*
