## *Felix Romania - Caminul Felix 20 years*

Many children and families came together, and prepared the party for several weeks. Friends from all corners of the world became an incredible strength. We sang, listened to the choirs singing, and remembered the fine first days. The focal project was to cater to the needs with Villa Felix. Some of our talented children need special support for their living since life's experience has been too demanding for them. We raised funds for that purpose and came a long way to be able to build their future homes. Marcel Filip lead the weekend as he also with the leadership team leads the Ministry.

## *Felix Family Africa- Zimbabwe*

Felix Zimbabwe has taken a crucial decision not to build on the land given by the authorities for the Felix Village in the city of Masvingo. The reason is that we will not be given the title deed for it and we absolutely have to safe guard the ownership of our land and all that we build on it. How could we build for children in dire need and then not be sure that the Felix families would be safe to stay in their homes? Having seen the 700 children in the area, and the more than one million in the country, make us convinced that this is the way to go. Stay with us as we now proceed. There is a vast interest in churches and among the Zimbabwean expatriates in England.

## *Felix Family Thailand - Surat Thani*

The inauguration of the seventh home in the Felix Village in Surat Thani, out of the ten, took place. Lisa Egerbo was there. What a party feeling! Why not go up on Facebook and find the ongoing telling of what is happening, Facebook: Felix Family Villages Ministries.

All the best to you all. Enjoy a fine summer. There is great joy and strength in your friendship. And we know that the Ministries for children God awakens our interest for are given to us to do what has never been done before.
