

# FELIX FAMILY VILLAGES INTERNATIONAL

[www.caminulfelix.org](http://www.caminulfelix.org)

Dear friends,

Holiday Season - it has loaded us with great memories. The intensity made you exhausted and glad. I am so pleased to believe in the idea of Christmas. Peace, joy, (moderate) giving, friends and family. And the Son of God born for our benefit. The gift to believe in that is enormously enriching.

Caminul Felix means Happy Home.

A blessed Happy Home for those that previously had no home. In Romania and Thailand there were great Christmas celebrations, carolling late into the evenings and very early mornings, singing Christmas songs. What an heritage of tradition.

## ROMANIA

Some young ones from the Felix villages have been up in the mountains and rolled around in

snow. It is thanks to you, our fine friends of supporters this Christmas is good for our families and the children.

The Ministry of Felix was surprised by retroactively imposed taxes for the part of the administration that is for profit. "Of course" one can think, but challenging it is when suddenly presented to a Ministry with many hundreds of deprived children sponsored by friends that have already taxed their donations. But here is the deal that is given us by the Tax authority: Pay €15 000 now, and then in two other parts €15 000 + €15 000, the total being €45 000.

## THAILAND

It is with great joy we share that during the Christmas holidays we had the pleasure to receive some new children into two families. Just after Christmas a little girl just two months old was brought to the Felix Village from the Bangkok area. Her mom intended to sell her to a trafficking circle. The mom was dying in AIDS and could not care for her daughter any more and was totally disoriented.

However, instead the little girl has now a new home and a family which loves her. Her new siblings are compassionately taking care of her.

Lars and I are traveling the north of Sweden, with Razvan and Timea now. We are eager to tell the story of the young ones, and Timea is the one that gives voice to the Felix theme of merciful rescue. She is doing it on behalf of the children in Thailand. Razvan, this fine young preacher preaches his heart out.

We hope to go back to Thailand with many new sponsors and supporters so we can soon fill up all homes.

In the middle of March we will attend the annual board meeting at the Felix village in Surat Thani and at the same time have the opening of house 9. If you have any questions about becoming a sponsor – contact me.

**PS.** The Felix Village in Thailand has two homes that have no vehicles. We mention

this here and if you would give your contribution to two vans that will last for 10 - 14 years, let us know. The families need vans for driving to school with the children, to church, to doctor's consultations.

### AFRICA

We had a great meeting for the Felix International Family Villages and Mircea and Lidia reported about their fine journey to research the needs and meet the leaders that are ready to work this idea.

Young couples of potential parents are ready. House parents are always national. Of course.

The children once lost and insecure need the healing in meeting their new parents. Language is important, and culture - and interaction with the authorities. Getting a feeling of belonging somewhere that is safe.

Felix builds families, takes care

of abandoned children, and makes it possible for them to get a family.

We wish all the best to Mircea and Lidia as they are now going out again. They will come back with reports from their own hearts and minds to you all.

### Greetings from the Sponsorship Office

With joy and gratitude we look forward to 2016. We know that many children will move in and get a mom, dad and family. This is Caminul Felix Family Villages!

Thank you to sponsors and others who supported ahead of Christmas by inserting an extra gift for Christmas celebrations. Thank you for Christmas and other surprises for children and families. That place them at great value. We would also encourage you to stand behind and support them through your commitment. The children need you!
