Goal:

*Our goal at Felix
Family Village is to
meet the physical,
spiritual, emotional
and social needs for
orphaned children
by providing
permanence in a
loving family.*

Felix means: *Happy*

A happy family is the right environment for every child.

Felix Family Village

Felix Family Village consists of ten family homes, each with a married couple as “Mom & Dad” and up to ten children. Each family provides the loving care and permanence we believe every child should have.

The Vision

Felix Family Village in Surat Thani, Thailand was born out of the vision that began with Caminul Felix Family Villages in Oradea, Romania. This life changing vision is to give the gift of family to children and young people who have been abandoned by their birth parents or left alone for other tragic reasons. In the Felix Family Village priority is given to children who have lost their parents due to HIV/Aids. Felix Family Village makes it possible for these children to grow and thrive in their new family complete with mother, father and siblings.

The Family

To be a parent in the Felix Family Village means to have said “yes” to the calling from God to step into the role of parent for abandoned children. The Felix Village parents are committed to a lifetime of love and care, providing a healthy family model for the children for each phase of their development and throughout their lives..

Support / Child Sponsorship:
